

# Fady Maalouf, Blessed

Long before you came I knew  
Somehow life would bring me you  
Long before you spoke my name  
I believe you knew I missed you

I love you more than words can say  
I love you, there's no other way

For the first time in my life  
I am someone great  
For the first time I've come home  
I have found my fate  
I believe it when I see you smile  
That I'm blessed  
I'm blessed, I am  
I'm truly blessed

I believe it when I see you smile  
That I'm blessed  
I'm blessed, I am

For all the nights to come (and) all days, you'll be inside my heart  
Always

For the first time in my life  
I am someone great  
For the first time i've come home  
I have found my fate  
I believe it when I see you smile  
That I'm blessed  
I'm blessed, I am

I am someone great  
For the first time I've come home  
I have found my fate  
I believe it when I see you smile  
That I'm blessed  
I'm blessed, I am  
I'm truly blessed
