Fair, Get You Out Alive

Love lost in large amounts Not very far from where you are Past all the streets and shady trees The biggest house in town

<i>No matter where you go I'll get you out alive Before it's far to late To stand softly by</i>

Love drawn fomr bank acounts Runs out of funds before to long Can't place a price on tagalongs Or quiet strolls

It's all the way it situates I can't believe and can't be for this I'm finding out it's all about Seeking out what came before this
