

# Fair Weather Friends, Cardiac Stuff

Spell was spoken

you are just a little surprised by events flow  
we accelerate, everything is changing in a blink of an eye  
Microcosm in kaleidoscope, your skin resists the fire  
Breath is so light and simple, senses got messed up

you are just a little in love  
I really do think  
you are just a little in love  
your heart keeps burning

Surprised by, surprised by events flow

You've got the beat  
you 've got the source  
and the sound is still coming  
up to the speed of universe  
you are getting better and better  
Patterns are blurred but you see clearer than ever  
A piece of your heart has fallen into new rhythm

you are just a little in love  
I really do think  
you are just a little in love  
your heart keeps burning
