I've been wondering how you can make it better For me to give you all of my love And open up the door to my heart baby baby But I don't understand the way you're thinking Can't help the way that you feel down inside The love I feel for you I can't hide

[Repeat 1 x2]

You don't know what you're doing to me I can't explain the way you make me feel It holds your body high and it's so real Real love everyday and the way that you Give it to me give it to me All the love I need And baby I hope you never leave

All your love is all I need
Baby don't take your love from me
Your love is so good
Keep on giving it to me
Everyday and everyway
Baby don't take your love from me
Your love is so good
