

Faith No More, Got That Feeling

Got that feeling
Luck is just a little of it
Got that feeling
I can't stop winning

A to Z
Look what you're missing, as we speak
Your number's rising, take a peak
There's just enough to go around, get a piece
Your own little piece of hell

Got that feeling
Loving every minute of it
Got that feeling
I can't stop winning

Have a drink
A pot of coffee, cannot think
Too many friends here, just an inch
Between striking out and striking rich, just a risk
One I'll take and take again...

Got that feeling
Gotta bet a little of it
Got that feeling
I can't stop winning..
And start living

You can't borrow tomorrow
