

Fake., Space Trip

I on my way to finding you
I on my way
I on my way
I on my way to finding you
I on my way to finding you
I on my way
I on my way

I'm going to the Moon all alone
I'm going to the Moon all alone
I'm going to the Moon all alone
And leaving you want

This is my life
This is my trip
I fair enough with you
