

# Fall Out Boy, HOLD ME TIGHT OR DON'T

i never really feel a thing  
I'm just kinda too froze  
you're the only one  
that even kinda came close  
I just pinch myself  
no longer comatose  
I woke up no luck /2x  
and when your stich comes loose  
I want to sleep on every piece of fuzz  
and stuffing that comes out of you  
I took too many hits off this memory  
I need to come down  
another day goes by so hold me tight or don't  
no this isn't how our story ends  
so hold me thigh or don't  
I got too high again  
when I realized I can't be with you  
or be just your friends  
were we ever friends?  
cause in past the limits  
the distance between up  
it sharpens me lik a knife
