

Fame, Feelings Of Love

Now when I see you I just realise
No one can love you like I do
Like a sunny sky
You can ask me why
No one shine so much as you

Now when I see the passion in your eyes
No one can touch me like you do
Everyone could see
You belong to me
No one touch my heart like you

Chorus: All the Feelings of Love
You bring to me
All the feelings so deep inside
All the letters of love
Of you and me
The dream could stay alive

Now when I know I spend my life with you
Now when I know you're here to stay
Just remember this
Like a long one kiss
I will love you all the way

Chorus x 2

Shine like a sun
I'm with you wherever you are
This is for real
And nothing can change what we feel

Chorus x 2

The dream could stay alive
Of you and I
