

Fancy, Angel Eyes

Warm like a desert sun
Blue like an ocean
Deep in your eyes around
Feel my devotion
High like a bird you fly
But leave my heart behind

Why fall your tears away
Tell me you need me
We can see better days
Reach out and touch me
Maybe it's hard to try
But don't you say goodbye

Angel eyes I hear you crying
Your heart is sighing
Are you gonna stay
Angel eyes you're must be lying
Your love can wait for me another day

Angel eyes, please stay
Angel eyes, I pray
Angel eyes you mean the world to me

How could it end this way
Can you forgive me ?
How could an angel say
Love has an ending
Maybe it's hard to try
But don't you say goodbye

(Warm like the desert sun
Blue like an ocean
Deep in your eyes around
Feel my devotion)

Maybe it's hard to try
But don't you say goodbye
