

Fang, G.I. Sex

We are the boys we are the boys with machine guns
We fight the wars we fight the wars for freedom
We are the ones
We are the ones that make the world safe
We give our lives we give our lives for the human race
I'm a G.I. in uniform
Make love to me, for your country
Why can't I hold you, why can't I touch you
Why can't I
why can't I take you home and put you to bed
Why can't I make love to you
