

# Fantasia, Superpower (I)

This Is No Way To Start  
This Story Of Ours  
Damn I Miss Your Face  
These Moments So Hard  
Past Of Sour  
But We Always Make A Way  
And Just When I Feel, That I Need To Feel  
Something  
A Feeling Pulls Me Up  
Deep In My Heart And Amongst These Lost  
Lands  
I Kept My Faith In Us  
No Way  
No Days I Didn't Think About You  
On My Soul Your The Reason I Made It  
Through  
Every Drop Of A Tear  
Every Ounce Of My Heart You're The  
Reason I'm Here  
Oh I (I)  
Oh I (I)  
All I Ever Needed (Ever)  
In This World  
My Superpower (My Power)  
My Fight (Fight)  
My Love (Love)  
To Be Alive  
I Just Wanna Kiss Your Face  
I Just Wanna Hold You Tight  
I Pray You See Past My Scars  
And Assume All The Joy Inside  
We All Got Our Mountains To Climb  
Hey Cmon  
We'll Take Our Time Coming Down The  
Sweeter Side  
Ooooooh  
It Ain't Fair But We All Got Things To Bare  
All This Time You've Been Here  
Waiting On Me, Ready To Go When I Got  
There  
Uuuuh, Hmmmah  
Ready To Go When I Got There  
It's Not About Where I've Been (I've Been)  
It's About Where I'm Trying To Go  
By The Time I'm Gold And Sand  
I Want The World To Know  
I Was Here, I Was Right Here  
In The Darkest Hours  
You Believed In Me  
Till I Believed In You  
All This Time Your Love My Love Pulled  
Me Thru  
I Just Wanna Kiss Your Face  
I Just Wanna Hold You Tight  
I Pray You See Past My Scars  
And Assume All The Joy Inside  
Superpower  
I Was Always My Own Superpower
