

Faouzia, La La La

(La la la la la)
(La la la la la)

I don't know what's happenin'
You've been callin'
Callin' me night and day
But boy you're not my problem
And I'm not gonna let you in
With you, I never win

All you ever do is talk, keep talkin'
Talkin', but go and break your promise
Just as often
But I'm not gonna let you in
No I'm not listenin'

I love you sounds like la la la la la la
Say you want me back but I'm like na na na na na na
All your words make no sense in my brain
Yeah everything you say
It all just sounds like
La la la la la
La la la la la la

La la la la la la
Say you want me back but I'm like na na na na na na
All your words make no sense in my brain
Yeah everything you say
It all just sounds like
La la la la la
La la la la la la

You're apologizing over and over
But I'm already over crying
Why you trying
When it's just too little too late
There's nothing you can say

I love you sounds like (sounds like)
La la la la la la
Say you want me back but I'm like na na na na na na
All your words make no sense in my brain
Yeah everything you say
It all just sounds like
La la la la la la
La la la la la la
La la la la la la

Say you want me back but I'm like na na na na na na
All your words make no sense in my brain
Yeah everything you say
It all just sounds like
La la la la la la
La la la la la la

La la la
La la la la
La la la la la la
La la la la la
La la la la la la la
La la la la la la
La la la la la la
