Fat Joe, Ballin' (ft. Teyana Taylor & Wiz Khalifa)

[Fat Joe:] That Hublot That king size Hublot

[Teyana Taylor:]

Ballin?, dribble dribble shoot swish

Ballin?, do it like this, bitch

Ballin?, steppin out of Saks Fifth

Ballin?, Everyday is Christmas

Ballin?, Cash rules everything around me

Ballin?, Cash rules everything around me

Ballin?, Cash rules everything around me

Ballin?, If you ain't gettin money you from round me (Ballin?)

[Fat Joe:]

No matter the weather, can?t imagine it better

Got me lookin? for clear in the Bill Cosby sweater

Hundred bottles is better and they come in those cases

I?m talkin? peoples and places, we make it light up like Vegas

Ugh, I swear this bitch is dumb as shit

But her ass is even dumber now thats dumber and dumber

How to take off a summer

Took a flight out to Russia, we even flew out her mother huh

Fuck you niggas talkin? bout?

At the Rucker I was about to bring Jordan out

They want to get Coke wet cause of my fan base

I used to get coke wet, I had to fan base

[Teyana Taylor:]

Ballin?, dribble dribble shoot swish

Ballin?, do it like this, bitch

Ballin?, steppin out of Saks Fifth

Ballin?, Everyday is Christmas

Ballin?, Cash rules everything around me

Ballin?, Cash rules everything around me

Ballin?, Cash rules everything around me

Ballin?, If you ain't gettin money you from round me (Ballin?)

[Wiz Khalifa:]

O Versace shades and some OG J?s

Keep some OG blaze cause that?s what got me paid

Rockin all this Wang, they look at me strange

Lots of DiamondAir when Im on the plane

Ridin? through the city me and Joe crack

A pound of what I?m puffin? cost you four stacks

Niggas get it twisted cause my tour selled

What the fuck you think a nigga was before rap?

And my crib is new and I talk shit in my interviews

And my wife called my interludes

I dont break laws I just bend the rules

Got racks might spend a few

Couldn?t walk a day in my shoes

Got my own day you seen it in the news

Presidential smoke presidential rollin'

Porsche 911, picture me rollin?

Poppin? champagne OG kush-a-holic?

Put that in your phone, whether you call it

[Teyana Taylor:]
