

Fatso Jetson, Vatos Of The Astral Plane

Frank's been sitting in the hall
Drawing ?
Visions of a stack of queens
Creepy crawly drink machines

Last I heard he's doing fine
Got used to doing time
Price he paid for getting high

Long way down
Long way down
Long way down
Long way down

Easy lying down the low
Where the days are passing slow
Living happy on the chain
Vatos of the Astral Plane

Frank is sleeping in his cage
Dreaming of the avenues
Lalo's fixing Mary's face
? first tattoo

Long way down
Long way down
Long way down
Long way down

Fifty-two and triple lean
That's where future used to be
Visions of that stack of queens
Creepy crawly drink machines
Living happy on the chain
Vatos of the Astral Plane
Living happy on the chain
Vatos of the Astral Plane
