

Faydee, Salam

i don't need your love
i don;t need your faith
apologies say now
you do it all again

I don't need the hate
running through your vein
I don't need your love
when I know it's fake

I don't have time for you
I 'm busy making money moves
why you're mad
at want I do

don't hate on what I got
I won't waste my time on you
it's true

..
I;m better without you
without you and drama

...
give all my salam
salam to your karma

I do what I want
I notice what I like
do I make you mad
when you see me shine
I've already won
I am who I wanna be
if you still don't understand?

I don't have time for you
I 'm busy making money moves
why you're mad
at want I do

don't hate on what I got
I won't waste my time on you
it's true

..
I;m better without you
without you and drama

...
give all my salam
salam to your karma
