## Fear, I Don't Care About You (live 1986)

Down on South Street Philadelphia, Out from Avenue C, I seen it in the eyes it was ready to freeze from the valley hotel!

I don't care about you! Fuck you! I don't care about you! Fuck you!

I see Hollywood boulevard, welfare hotel, I spent the night in jail, near the Wicox hotel!

I don't care about you! Fuck you! I don't care about you!

I've seen an old man have a heart attack in Manhattan. Well he just died while we just stood there lookin' at him. Ain't he cute?

I don't care about you! Ohhhhhhhh! I don't care about you!

I see man rollin' drunks, bodies the streets. Some man was sleepin' in puke and a man with no legs crawling down 5th street trying to get something to eat!

I don't care about you! Oh noooooo!! I don't care about you! Fuck you! I don't care about you! Hey! Hey! I don't care about you!
