

# Feeder, Remember The Silence

Feeling so alone  
Complexion white as stone  
Looking for a getaway

Broken by the strain  
And constant rearrangement  
Anything is possible

Yeah  
Anything is possible  
Yeah

Loosing control of my soul (song?) but you don't know  
Help me breathe (bleed?)  
Set me free  
Loosing control of my soul (song?) but you don't know  
Help me breathe (bleed?)  
Set me free

Loosing all effect  
Cause feelings in descent  
Conscious of deception

A bruise you keep inside  
A smile that tries to hide  
Anything is possible  
Yeah

Loosing control of my soul (song?) but you don't know  
Help me breathe (bleed?)  
Set me free  
Loosing control of my soul (song?) but you don't know  
Help me breathe (bleed?)  
Set me free

Yeah

Silence  
Silence  
Silence  
Silence
