

# Fiddler's Green, MY FAIRY OF THE WEST

She's the Queen of Galway town  
Her eyes so blue, her hair so brown  
Her graceful moves, her cheerful smile  
God damn it, she's got style

Like a fairy with a crown  
She's lightnin' up the new lowdown  
With a charm that fills the room  
And a laugh that's like a tune

I would walk a million miles  
And I would run all through the night  
I would swim across the sea  
To have her by my side

I would walk a million miles  
And I could run the longest night  
I would swim the seven seas  
To have her by my side

She loves to dance, dance, dance  
Makes her feel so good  
To move, move, move  
Makes her feel good  
Every little step that she takes  
Makes her fly away away away away away

See the Queen of Galway town  
Her eyes so blue, her hair so brown  
She's a sight to lift my soul  
And doesn't even know

Now she's gone, and all I found  
A ribbon from her dancing gown  
Ties me to my secret quest  
My fairy of the West

I would walk a million miles  
And I would run all through the night  
I would swim across the sea  
To have her by my side

I would walk a million miles  
And I could run the longest night  
I would swim the seven seas  
To have her by my side

She loves to dance, dance, dance  
Makes her feel so good  
To move, move, move  
Makes her feel good  
Every little step that she takes  
Makes her fly away away away away

Dance, dance, dance  
Makes her feel so good  
It moves right through  
I'm under her spell  
Every little step that she takes  
Makes me fly away away away away
