

# Fifth Harmony, Feels So Right

[Verse 1: Ally]

Let's have amnesia for one night  
And see how far we go  
Put all of our issues aside  
Let go of control  
We keep trouble shooting  
Trouble shoot back, I don't wanna go back  
Let's go forward  
You got your reasons, I got mine  
That's just how it goes

[Pre-Chorus: Lauren]

So if it's trouble that your looking for  
Baby, I don't need that, you can forget that  
But if you wanna try for something more  
I can get with that, just need you to know that

[Chorus: Dinah]

I know that it feels so right  
But it's only for one night  
I know that it feels so right  
But it's only for one night

[Verse 2: Normani]

I [?] that bullet for one night  
And set this love on fire  
Just keep your cool we'll be alright  
One hell of a riot

[Pre-Chorus: Lauren]

So if it's trouble that your looking for  
I can get with that, just need you to know that

[Chorus: Dinah]

I know that it feels so right  
But it's only for one night  
I know that it feels so right  
But it's only for one night

[Bridge]

I don't wanna go back, back, back, back  
I know that it feels so right  
We ain't gotta go back, back, back, back  
Because it's only for one night  
I don't wanna go back, back, back, back  
I know that it feels so right  
We ain't gotta go back, back, back, back  
Because it's only for one night

So don't look back, back, back, back  
Back, back, back, back  
So don't look back, back, back, back  
If it ain't a good time, don't be wasting my time

[Chorus: Dinah]

I know that it feels so right  
But it's only for one night  
I know that it feels so right  
But it's only for one night

[Outro: Normani]

I don't wanna go back, back, back, back  
I know that it feels so right  
We ain't gotta go back, back, back, back

Because it's only for one night  
I don't wanna go back, back, back, back  
I know that it feels so right  
We ain't gotta go back, back, back, back  
Because it's only for one night
