

# Fifth Harmony, No Way

[Verse 1: Lauren]

I know you don't want me anymore by the look on your face  
They say when it rains it pours, you can tell by my face

[Pre-Chorus: Normani & Camila]

Oh and I know, and you know that we've been here before  
I think I know how it should end, we got an audience calling us crazy  
We ignore those with opinions of hate  
We're not like the rest of them, friends with insanity as of lately

[Chorus: Lauren & All]

Everyone comes with scars but you can love them away  
I told you that I wasn't perfect, you told me the same  
I think that's why we belong together and unashamed  
I told you that I wasn't perfect, no way  
Way, way, no way, no way

[Verse 2: Ally]

When I look in your eyes I see through to my soul  
I know the core of you is good, you're my tarnished hero

[Pre-Chorus: Dinah]

Oh and I know, and you know how our story is told  
Only we know what it is, we got an audience calling us crazy  
We ignore those with opinions of hate  
We're not like the rest of them, friends with insanity as of lately

[Chorus: Lauren & All]

Everyone comes with scars but you can love them away  
I told you that I wasn't perfect, you told me the same  
I think that's why we belong together and unashamed  
I told you that I wasn't perfect, no way  
Way, way, no way, no way, no way, no way
