

Filter, So Cool

you gotta a bad old habbit of making people sad
you got a bad old habbit of making people dead

did you think you were cool?
I don't really understand it
did you think you were cool?
I don't even understand it

so cool.

hey makes it alright
you keep on taking your chances
you killer of mine
look at yourself
just look what you've done
just take a look
did have some fun?

did you think you were cool?
I don't even understand it
did you think you were cool?
I don't really understand it

so cool.
