

# Finley Quaye, Beautiful Nature

I would love to get to know you more  
To spend a lot of time with you  
Maybe travel around with you  
Because you've got such a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
Singing this song to you  
I would love to hold you close  
Maybe rub your nose with my nose  
You've got such a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
Go let it shine  
Girl I want to show you what you mean to me (have you really got the time?)  
We should get to know each other better (have you really got the time?)  
You could think about the words I'm singing  
Have you got the time? Have you really got the time?

You're so sensuous it's true  
Got to let you know some how  
I could never turn my back on you  
You've got a beautiful nature  
You've got a beautiful nature  
Sunshine enrapture me take some time and we will see  
I just want you to be aware  
You've got such a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
You've got a beautiful nature  
Go let it shine, go let it shine  
You got to let it shine, go let it shine
