

# FINNEAS, American Cliche

Too little to do for too long  
Too little of you for my songs  
To be anything but lonely  
In a couple weeks,  
You'll own me

Too tired to sleep  
Good morning  
Nas di am too wired rto head the  
Hear on and only  
Thet there's danger  
In the summer  
They calm before  
The thunder

i am an American Cliche  
missing a girl in the french caffee  
and i said  
god damn, you're beautiful  
you blush and duck out of frame  
i am an American Cliche  
missing a girl in the french caffee  
and i said  
how'd i get along so long  
without you  
and you said  
same!
