

FINNEAS, Let's Fall in Love for the Night

Let's fall in love for the night
And forget in the morning
Play me a song that you like
You can bet I'll know every line
I'm a boy that your boy hoped that you would avoid
Don't waste your eyes on jealous guys, fuck that noise
I know better than to call you mine

You need a pick me up?
I'll be there in twenty five
I like to push my luck
So take my hand, let's take a drive
I've been living in the future
Hoping I might see you sooner
I want you, right at shotgun I knew
When I got one right

Let's fall in love for the night
And forget in the morning
Play me a song that you like
You can bet I'll know every line
I'm a boy that your boy hoped that you would avoid
Don't waste your eyes on jealous guys, fuck that noise
I know better than to call you mine

I love it when you talk that nerdy shit
We're in our twenties talking thirties shit
We're making money but we're saving it
'Cause talking shit is cheap and we talk a lot of it
You won't stay with me, I know
But you can have your way with me 'till you go
And before your kisses turn into bruises, I'm a warning

Let's fall in love for the night
And forget in the morning
Play me a song that you like
You can bet I'll know every line
I'm a boy that your boy hoped that you would avoid
Don't waste your eyes on jealous guys, fuck that noise
I know better, I know better, I know better than to ever call you mine
