

FINNEAS, What They'll Say About Us

You're tired now lie down
I'll be waitin' to give you the good news
It might take patience
And when you wake up
It won't be over
So don't you give up

We've got the time to take the world
And make it better than it every was
That's what they'll say say about us

If i say a clinche
Ut's cause i mea nit
We can't walk away
We gotta get in between it
And wehn you wake up
We'll grow together
So don't you give up

We've got the time to take the world
And make it better than it every was
That's what they'll say say about us
