

# Firewind, My Loneliness

My loneliness  
Makes you feel insecure  
My loneliness  
Will never let you find a cure  
My loneliness  
Has no directions for me and you  
My loneliness  
Speaks the truth of what to do  
Listen to what I say

Turn the end  
You're going crazy  
And I can't stand to feel  
Your tears over me  
Turn the end  
It's not a crime to feel  
The way that I do  
Again and again

My loneliness  
Must not lead you to my core  
My loneliness  
Always tells you to ignore  
My loneliness  
Waste no time  
And there's no trust  
My loneliness  
Is turning everything to dust  
Listen to what I say

Turn the end  
You're going crazy  
And I can't stand to feel  
Your tears over me  
Turn the end  
It's not a crime to feel  
The way that I do  
Again and again

No one can save us  
From this pain  
I wish that I could  
Stop the rain  
These dark red skies  
Are closing in

-Solo-

You're going crazy  
And I can't stand to feel  
Your tears over me  
Turn the end  
It's not a crime to feel  
The way that I do  
Again and again
