

First Degree, Let The Rhythm Roll On

Sing around the rock in all nations
Giving to me right vibrations
All I wanna do sing this song on and on
Never wanna stop let the rhythm roll on

Do you feel the beat it's going jack
Wants to make your feet go around and around and ...

Sitting in a plan
Yeah, I'd like to get out of here
Just let all of our dreams getting real
Can you feel the pain
Yeah, these days filled with trouble
Just let all of our dreams getting real
