

# Fischer-Z, Multinationals Bite

You're no anarchist  
You're not extreme.  
But you threaten them.  
With your dream.

So be careful.  
Multinationals bite bite bite.  
They'll destroy you.  
Overnight.

I hear wardrums (Picking up pieces of blood for you, now).  
I hear wardrums (Picking up pieces of blood for you, now).  
I hear wardrums (Picking up pieces of blood for you, now).  
I hear wardrums (Picking up pieces of blood for you, now).

You don't realise.  
The extent of their power.  
I can't help you.  
Anymore.

And you'll find out.  
Multinationals bite bite bite.  
They'll destroy you.  
Overnight.

I hear wardrums (Picking up pieces of blood for you, now).  
I hear wardrums (Picking up pieces of blood for you, now).  
I hear wardrums (Picking up pieces of blood for you, now).  
I hear wardrums (Picking up pieces of blood for you, now).

There's no justice.  
Outside the law.  
They have governments  
Under control...
