Do you know what life is?  
Do you know where love comes from?  
Can you tell the future?  
Can you see where you went wrong?

Can you see the beauty?  
Can you see this ugly world?  
Will you have a baby?  
Little boy or little girl?

Will you make a fortune?  
Will you lose your wife and kids?  
Do you really love him?  
Do you think he ever did?

Because it's in the stars
