

# Five Iron Frenzy, Burn

i see a city on a hill,  
i see the only way to be filled,  
mighty rushing wind around us,  
Holy Spirit burn within us

Burn. burn. burn  
within us, within us  
spirit of truth,  
my eyes deceive me,  
teach me how to see,  
ears cannot hear,  
my mouth is to dry to speak.  
you have searched me,you, you know me,  
there is nothing good inside me.  
purge me make me clean  
my heart needs courage so burn inside of me.

Burn within our hearts oh God.  
teach me to be still.  
let the tears roll from our eyes,  
all we want is Jesus Christ.  
we want to...

Burn. burn. burn  
within us, within us  
spirit of truth,  
my eyes deceive me,  
teach me how to see,  
ears cannot hear,  
my mouth is to dry to speak.  
you have searched me,you, you know me,  
there is nothing good inside me.  
purge me make me clean  
my heart needs courage so burn inside of me.

this little light of mine,  
im gonna let it shine  
this little light of mine,  
im gonna hold it up,  
im gonna let it.

Burn. burn. burn  
within us, within us  
spirit of truth,  
my eyes deceive me,  
teach me how to see,  
ears cannot hear,  
my mouth is to dry to speak.  
you have searched me,you, you know me,  
there is nothing good inside me.  
purge me make me clean  
my heart needs courage so burn inside of me.
