

Flexa Lyndo, Lo

So low every night, a TV screen in the dark
So low every night, whispers your name till the daylight
So you possess me
You obsess me
Lo every night, a TV screen in the dark

Lo, you possess me
So low
You obsess me
So low, every night, a TV screen in the dark

Lo
So low
Every night, I just play one scene in my thoughts
So Lo every night, your fingers your lips and your sweet eyes
So you possess me
You obsess me
Lo every night, I just play one scene in my thoughts

Lo

You possess me, a TV screen in the dark
So Lo you obsess me, whispers your name till the daylight
Lo every night
And it's so, you possess me, I whisper your name in the dark
So Lo
You possess me
So Lo
You obsess me
So Lo
