

Floetry, Closer

[Natalie]
Floetic, Floacism, Flo'Ology
It's Floetry, and Whyteleaf
We're moving closer

[Chorus (x2)]
Just a little bit
Little bit,
Little bit,
Little bit,
Can I get a little bit closer?
I want to get
Closer
Yeah, oh yeah

[Marsha]
(So near)
Yet you're so far away
(I can't)
Tell you enough how much boy
(I want)
To love you baby
(I want)
To know you baby
(You hear)
Hear me talkin' to ya baby
(Don't wanna)
Fight the feeling that I'm feeling
(Give me)
A chance to get
Just a little bit closer
(Oh yeah)

[Natalie]
Amazing
I rise this occasion is life
And I'm debating
If I wanna be your girl or your wife
I'm understanding how your landings got me feeling a vibe
You're in my lungs, I'm feeling strung
So now I'm chasing a high

You're in my system
I'm in your wisdom
I am your partner
You are the father
You're the beginning
And I'm the after
I hear the universe
Pulling us closer
Just a little bit

[Chorus (x2)]

[Marsha]
(Right there)
Said it's easy baby
(Okay)
Just free me baby
(You hold)
A special something over me
(Oh yeah)
And I like that baby
(Oh yeah)

Said you got me baby
(So good)
Don't stop it baby
(You're givin)
Us the chance to get
A little bit closer
(Oh yeah)

[Natalie]
So familiar
The situations linear
It's obvious I'm into ya,
I know you know I'm into ya
I know you know I'm what you were
Just never ever looking for
I'm what you call impossible
Or you could say a miracle

I'm in your system
You're in my wisdom
You are my partner
I am the mother
I'm the beginning
And you're the after
You hear the universe
Pulling us closer
Just a little bit

[Chorus (x2)]

[Bridge]
So good it feels
How good it feels
So good it feels
So real to me

[Chorus (x4)]
