

# Floetry, Opera

Listen uh I met this guy and uh you know I don't get down like that but we were together for a while didn't work out but I can't be mad with him you know cause we had some moments Yo I'll explain li

We wrote fairy tales of how we'll live in castles tight like Hansel and Gretal and grow old and settle tighten with our marry day we got a love like that like everyday like everyway I cannot stay at yours tonight we can hold tight love bite and share some soul we can pick and roll take it like how I let you break it don't forget We can get high on each other insert a time for it through back into the morning can't crack the habit you see I'm feening I'm needing some more and you got money that I'm winning No way is this ending cause you got me feeling purer than thou show me how you got me singing like, Yo, for real....

He had me singing like some kinda opera shit I don't know where we went with it, it was like.....I u and just whisper in his ear cause yo, I made him promises like I'd say ummm

I'll crown you king of this throne if you can take me home like run with no stripes doesn't have to be early morning I'm talking AM we can beat the dawning or just chill few time barriers can't help the w see through my proper test got me making game faces in London we say lacing you making sense ] cause you move me so I broke my role and got freaky with it You try to stave me with my own belt the universe move you left me singing like Opera like Cleopatra or Madam Butterfly you this shit's s to my eyes I was like....

I'm telling you man it's no lie I was like..... I just yo, I, I couldn't even ignore parts of me I was like g and We were happy for a minute for true Opera We'd be like yo yo yo

Was that supposed to happen all that foot tappin' voice breakin' now I'm carving Karma Sutra dia ignored the buzzer 4 times got up hard telling lies even surprised myself with my conniving ways I c survival like he was christened H2O like he could make the trees grow and the clouds spit snow He like his name was Zorro got me saying Hell No when he said he had to go I was hiding clothes and We were clashing Titans till weight we were losing I had Slum Village album on repeat we were kn beats I even reached my maximum in my sleep yo he had me singing like.....

Yo, for real I'm not lying listen up It was like.... I'm gonna break it down the truth is I got goose pimp thinking about that shit yo, Just his voice If I could hear his voice right now I'd answer the phone lik what I mean yo listen if I knew where he was right now I'd find him We split We split ways we went about our business I wanna know if he's making somebody else hit that Opera you know cuz I ain minute it's like....
