

# Floorpunch, What's Right

All our life we fight back  
And try to do what's right  
Now we're moving  
in the right direction  
We must not lose our sight  
We give our heart,  
we give our all  
We won't be stopped by you  
We've done our best  
to move ahead  
Despite all the shit  
we've been through  
All our life we've been told  
What we do is wrong  
If you think we're getting weak  
Well no we're twice as strong
