

Florian Picasso, This Is Our Time

Running

We were running

Towards a brighter day

With our eyes wide open

Dreaming

We've been dreaming

While we're still awake

The only way is up for us to go

We never leave the crowd

If we don't let go!

This is our time

This is our time

This is our destiny

Every second fits us perfectly

Ohh, Lord!

We love to be alive

This is our time
