

# Fono, Under My Skin

I got you under my skin,  
Breathe you out, breathe in' you in.  
It's been 15 years, and no day goes by,  
Under my skin, a part of this life.

Well here I go alone alone again,  
I'm standing on my own, again,  
You know I'll love, until the day I die.

You see through, every part of me,  
We were meant to be together, that you see.  
You see through, the heart of me,  
We were meant to be together, that you see.

There's a world, living outside,  
No time to waste, let it go by.  
Change, don't ever go back,  
Live your life, it's done in one take.

I know, and I feel,  
That you only want the best for me,  
And I hope that someday,  
You'll come to be a part of me,  
Be a part of you, be a part of me.

I got you under my skin,  
I'll breathe you out, breathe in' you in.
