

# Forever Is Forgotten, Choking On

You said this will be the last time  
Endless nights I cried and when I awake  
You still won be there  
My heart is still bleeding  
The damage is done, you can do no more  
Choking on those words of love  
Beginning to wish this day will never end  
My time spent is a lifetime lost  
My hands outstretched waiting for the embrace  
For this moment I tried to forgive for too many goodbyes gone unsaid  
Looking for reasons to let my mind rest  
Did I do something wrong  
He will not wait for me  
I didn need you then, I don need you now, I will never need you again  
Standing strong on broken limbs  
You can see your eyes remain closed  
You said this will be the last time and I believed  
As that portion of my life seems so distant now  
I cried myself to sleep  
Befriended, be-fathered, betrayed  
I hear I love you pass by your lips  
And I hope to see you choke on those words  
You said this will be the last time and I don care  
You are my father why can you see
