

Foster The People, Pick U Up

never went to collage
leave your commens in the message box
he walks like Elvis Presley
cause his Bentley cost a million bucks

he's hanging out the window
and she's sying my name
her head out of the window
and she's saying my name
I have a talent for discretion
I make the good impression
as everybody's playing the game

here there
did you call me?
are you lonely?
should I pick you up?
hey there
got some money?
do you love me?
ot you just trying me on?

there must be something in the water
i honestly can't be bothered to spin around in circles like this
well these veteran social climbers
their ambition and desires
a cocktail of charm and explicit pics

shes's out the window
ans she's saying my name
her head out of the window and she'll take my breath and then some
at leat I'll leave this world with a final thrill

here there
did you call me?
are you lonely?
should I pick you up?
hey there
got some money?
do you love me?
ot you just trying me on?
