

# Foster The People, Sit Next to Me

and it's over, it's over  
I'm circling these vultures  
got me praying that it's longer  
feeling something rotten  
last time I saw you said: What's up?  
And pushed right through

then I tried to catch you  
but we've always on the move  
and now it's over, we're sober  
symptoms of the culture  
and the night ain't getting younger

last call's around the corner  
feeling kinda tempted  
and I'm pouring out the truth  
just fading out this talk  
is cause now all I want is you

I'm saying come over here sit next to me  
we can see where things go naturally  
just say the word and I'll part the sea  
just come over here and sit next to me  
and I'll take you high, high

well, I ain't frontin' my intention  
got your man outlined in chalk  
it's a midnight intervention  
got no plans to make it stop

last time I saw you said  
you wanna keep the light?  
but I'm here to tell you  
I'm not trying to change your mind  
it's alright /2x

yeah, come over here sit next to me  
we can see where things go naturally  
just say the word and I'll part the sea  
just come over here and sit next to me  
and I'll take you high, high

it's alright /4x

So come over here sit next to me  
we can see where things go naturally  
just say the word and I'll part the sea  
just come over here and sit next to me
