

Four Of Diamonds, Eating Me Up

[Verse 1: Lauren]

I just wanna savour the taste of you
Biting on the tip of my tongue
Slipping on the edge of my patience (Ooh)
Holding on with all that I've got

[Pre-Chorus: Yasmin]

Locked, locked in my head, locked in your bed
Going down, going down
I don't wanna be the one chasing you
But I don't really know how to stop

[Chorus: All]

It's eating me up that I starve for you
Eats me alive that I'd die for you
So fuckin' down that I'm high for you
Is the truth a lie or the lie the truth?
It's eating me up that I starve for you
Eats me alive that I'd die for you
So fuckin' blind at the sight of you
Is the truth a lie or the lie the truth?

[Post-Chorus: Caroline]

It's eating me up, oh it's eating me up
It's eating me up, oh it eat me up
It's eating me up from the inside out
It's eating me up, oh it's eating me, eating me

[Verse 2: Caroline]

Got me on my knees like I pray to you
Bet it's all a part of your plan
Pushing and I'm pulling away from you
But always in the back, in your hands

[Pre-Chorus: Yasmin]

Locked, locked in my head, locked in your bed
Going down, going down
Wish that I could say I won't stay for you
But I don't really know if I can

[Chorus: All]

It's eating me up that I starve for you
Eats me alive that I'd die for you
So fuckin' down that I'm high for you
Is the truth a lie or the lie the truth?
It's eating me up that I starve for you
Eats me alive that I'd die for you
So fuckin' blind at the sight of you
Is the truth a lie or the lie the truth?

[Post-Chorus: Caroline]

It's eating me up, oh it's eating me up
It's eating me up, oh it eat me up
It's eating me up from the inside out
It's eating me up, oh it's eating me, eating me

[Bridge: Sophia]

Chew me up and spit me out
You don't know what you're doing to me
Swallowin' my pride and never knowing if you're lying to me (Me)
And it's been eating me up, oh oh oh oh
Yeah it's been eating me up, oh oh oh oh

[Chorus: All]

It's eating me up that I starve for you
Eats me alive that I'd die for you
So fuckin' down that I'm high for you
Is the truth a lie or the lie the truth?
It's eating me up that I starve for you
Eats me alive that I'd die for you
So fuckin' blind at the sight of you
Is the truth a lie or the lie the truth?

[Post-Chorus: Caroline]

It's eating me up, oh it's eating me up
It's eating me up, oh it eat me up
It's eating me up from the inside out
It's eating me up, oh it's eating me, eating me
