She's only seventeen She's really sort of cute She's working in the street She's a teen-age prostitute

She ran away from home Her mom was destitute Her daddy doesn't care She's a teen-age prostitute

"I have got a pimp
He treats me like a dog..."
(All the stuff she's shooting
Keeps her in a fog)
"I would really like to try and get away..."
(But if she gets caught he'll cause her some dismay)

Tiny little pants Chain around my boot Shakin' in the dark I'm a teen-age prostitute
