

Frans, Liar

South of your eyes
North of your chin
Yes, I hear what you're saying
I'm taking it in

Every single twisted word is
All part of the dance
The sanctuary of broken bird
When nothing happens by chance

I'm a liar too
Yes, I'm a liar too
But then again, so are you

The story's told
In so many ways
It never really gets old but
Let's just see how it flies

There will never be a second first touch
No!
Saturday night was all I really wanted
All I really asked for
Now, I'm killing the light

Cuz I'm a liar too
cuz, I'm a liar too
But then again, so are you

Don't go
Please stay with me
Don't go /2x
Please stay /2x
Don't go /2x

cuz, I'm a liar too
But then again,
Oh, I'm a liar too
