

# Fred again, Danielle (smile on my face)

Sometimes I wanna feel the pain  
You said you were done  
But you're over here naked  
In the middle of the day  
Sometimes I wanna feel the pain  
You said you were done  
Fuck what they say  
I'm safe in your arms  
And if I die in your arms  
There'll be a smile on my face  
There'll be a smile on my face  
Sometimes I wanna feel the pain  
Sometimes you make me wanna face it  
But you're over here naked  
In the middle of the day  
So squeeze my heart all day  
Squeeze it till it breaks  
Fuck what they say  
I'm safe in your arms  
And if I die in your arms  
There'll be a smile on my face  
There'll be a smile on my face  
There'll be a smile on my f-  
Be a smile on my f-  
Sometimes you make me wanna face it  
Make me wanna face it  
(Yeah, I remember that moment)  
Sometimes you make me wanna face it  
Fuck what they say  
If I die in your arms  
There'll be a smile on my face  
There'll be a smile on my face  
There'll be a smile on my
