WHOOOOOOOOOO!! Now clap for me mami, OH!  
Just clap for me mami, JUST BLAZE!  
Okay, and Free, okay, yeah get wild lady  
Que tu quieres mujeres, said she blow la-la  
FLIPSIDE - and she my baby mama  
Get wild! Okay

[Freeway]

Freeway got the hood on smash  
Pop in tape, step on gas and get ghost nigga!  
Freeway got the club on lock, step on stage  
Set it down leave with a broad, check for her age  
Post up, fans suffer circle the block  
Call the cops - it's the Roc in your area!  
Post up, distribute to the block  
Freeway move the rocks in your area!  
Yeahhhh, pop tried to shut me down  
Cops tried to shut me down, haters wanna hit me up  
What? My glock carry heavy rounds  
Mack carry heavy rounds packed in the Chevy truck  
What? You better ring the alarm  
Before I cock back, dump on you and your boys  
And have black suits, tucked on you and your mom  
But back to the song, said she wanna suck on me and the boys  
Her ass look good in a thong  
And she want me to sneak in the building like Trojan of Troy  
Best believe there's Trojans involved  
Hats lift over the boy, oh boy

[Chorus: Freeway]

We rip crowds, whole lot of VOLUME and a little bit of bass  
is all it takes to make the place  
GET WILD, whole lot of style and a little bit of cake  
is all it takes to make her skate  
FLIPSIDE (flipside) crack house and a little bit of bass  
is all it takes to make the block  
GET WILD (get wild) car keys and a little bit of cheese  
is all it takes to make her leave

[Peedi Crakk]

[Chorus]

[Freeway]

Now how many hoes in your motherfuckin group?  
Wanna take a ride in my '89 Delk

She felt the kid, thumbtack, held the roof  
Up on her cell phone, "Freeway got me in the squadder  
He a rider, from the block to the booth"  
I'm as, real as they come, the gorillas'll come  
Six could chill 'til they come, gotta peel when they done  
But let her spend the night, all night  
Cause the heat call me a liar  
She just like +Honey+ so I called her Mariah  
Wanna see, if she got what it takes to carry across state  
And travel across state, with things taped to her waist  
Mami wanna ride with pa  
Bad bitches get scooped like Haagan Daas  
And put on the team shoot, put on the Bean bitch  
Lean bitch, shoot at they entourage  
Hit up the team camp, pull on your jeans bitch

[Chorus]
