

Freezpop, That Boy Is All About Fun!

if you need plans friday nite
there's a boy that you should know
stick with him, you'll be all right
he knows just where to go
if you've got a special date
want to take her someplace nice
parties to coordinate
ask him for some advice

we follow him to clubs
we follow him to bars
we follow him to parties
he knows just where they all are
we follow him to drink
we follow him to dance
we follow him to run wild
every time that we get the chance

that boy is on the move
that boy is on the run
that boy is on the guest list
that boy is all about, all about fun
that boy is on a roll
that boy is number one
that boy is out on the town
that boy is all about, all about fun
that boy is all about, all about fun
that boy is all about, all about fun
that boy is all about, all about fun
that boy is all about, all about

he knows how to live it up
center of the social scene
no way you can keep it up
all night fun is what I mean
doesn't stay in one place long
there's too much he has to do
5 a.m. he's going strong
on the prowl for something new

we follow him to clubs
we follow him to bars
we follow him to parties
he knows just where they all are
we follow him to drink
we follow him to dance
we follow him to run wild
every time that we get the chance

that boy is on the move
that boy is on the run
that boy is on the guest list
that boy is all about, all about fun
that boy is on a roll
that boy is number one
that boy is out on the town
that boy is all about, all about fun
that boy is on the move
that boy is on the run
that boy is on the guest list
that boy is all about, all about fun
that boy is all about, all about fun
that boy is all about, all about fun
that boy is all about, all about fun

that boy is all about, all about fun
