

Frenzal Rhomb, Jesus

The power of the church is real
The queen and state has
Lost it's zeal but you will find
That Satan still holds court

And if you find another way
You'll be more popular than
Green Day if you decide to
Take the chance
Wait for me

woooooo, hoooo whh jesus
woooooo, hoooo whh jesus

He is hated more than us
But loved more than the d.s.s.
And if you had the choice you would pay the rent
Scientific humanism might replace
The icons we know
But there is no-one there to lead us in

woooooo, hoooo whh jesus
woooooo, hoooo whh jesus
