

Frenzal Rhomb, She's Not Happy

Light 'em up
Face down on the waterbed
She's not happy, she's not happy
Tongue tied face burning red
He's not happy, he's not happy
Got a house, it's nice like a disco
Some pumping tunes on the stereo
Just relax yeah get in the mood
Feeling tough with a new tattoo
Run down, and his eyes are red
She's not happy, she's not happy
There's a pill is what the doctor said
He's not happy, he's not happy
In love, a new four poster bed
Turning a mountain into an egg
Good old boys a thousand miles away
It's time to give up hope
Have you ever played pool with a piece of rope?
Gonna live to fight another day
The best of times and then the worst if times
Just when everything was going fine
This anxiety you've got to be free
But then you hear the 'it's not you, it's me'
Face down on the waterbed
She's not happy, she's not happy
Tongue tied face burning red
He's not happy, he's not happy (ad neuseum)
