

# Frida, I Know There's Something Going On

I can see that it won't be long  
You grow cold when you keep holding on  
You know you've changed  
And your words they lie  
That's something you can't deny

I call, you're not at home  
You're home, but you're not alone  
If you wanna leave  
Then why don't you say  
Your love has gone anyway

I know there's something going on  
I know there's something going on  
I know it won't be long  
Won't be long before you're gone  
There's something going on  
There's something going on

I know a good thing  
Must come to an end  
But it's hard to take  
Loosing a friend  
I know what you think  
And what's in your mind  
So darling, why pretend

I know there's something going on  
I know there's something going on  
I know it won't be long  
Won't be long before you're gone  
There's something going on  
There's something going on

[Instrumental Interlude]

I know there's something going on  
I know there's something going on  
I know it won't be long  
Won't be long before you're gone  
There's something going on  
There's something going on  
There's something going on  
There's something going on
