Fuel, Hemorrhage

Memories are just where you laid them Drag the waters 'till the depths give up their dead What did you expect to find? Was there something you left behind? Don't you remember anything I said when I said

Don't fall away, and leave me to myself Don't fall away and leave love bleeding In my hands, in my hands again Leave love bleeding In my hands, in my hands Love lies bleeding

Oh hold me now I feel contagious Am I the only place that you've left to go She cries her life is like Some movie black and white Dead actors faking lines Over and over again she cries

Don't fall away, and leave me to myself Dont fall away, and leave love bleeding In my hands, in my hands again Leave love bleeding In my hands, in my hands Love lies bleeding

And I wanted You turned away You don't remember, but I do You never even tried

Don't fall away and leave me to myself Don't fall away and leave love bleeding In my hands, in my hands again Leave love bleeding In my hands, in my hands Love lies bleeding
