Funker Vogt, Vision

this is the next century and we live far beyond killing people doesn't matter a necessary means to an end

waiting for the final day a premonition of what will come the clock counts of the seconds at least there will be no retreat a vision and a dream

it was now and had been the focus of everything you can't escape the deadly sting you ride into the abyss

at a hundred miles an hour now you have already reached the point of no return this is your destiny to protect the new invention even if it costs your life we'll be equal to our god a vision and a dream...
